Intelligent  
operators with  
a wide range  
of additional  
equipment

## SOMMER introduces:

Accessories for the garage door operators  
base<sup>+</sup> and pro<sup>+</sup>

”MY TRANSMITTER **PEARL VIBE** IS NOW AVAILABLE IN MY FAVOURITE COLOUR!”

**Melanie Sommer**

*Department apprenticeship  
SOMMER Kirchheim*

# Pearl Vibe

4-command transmitter

- bi-directional SOMloq2 radio system
- sensible vibrating feedback
- efficient vibration motor for long battery life
- downward compatible with the Somloq Rollingcode radio system, making it possible to control existing operators and radio receivers

# 4019V000 – black/red

# 4019V001 – black/pink

# 4019V003 – white/pink

# 4019V021 – white/stainless steel

”MY TRANSMITTER  
**PEARL STATUS** ENABLES  
ME TO REQUEST THE  
DOOR STATUS CONVENI-  
ENTLY FROM THE LIVING  
ROOM.“

Anja Höflinger  
*Department sales export*  
SOMMER Kirchheim

# Pearl Status

3-command transmitter

- bi-directional SOMloq2 radio system
- convenient query function for door position/receiver status using the special red button without travel motion or visual contact and without having to leave the couch or your home
- sensible vibrating feedback
- efficient vibration motor for long battery life
- downward compatible with the Somloq Rollingcode radio system, making it possible to control existing operators and radio receivers

#S10448-00001

”WITH THE **SLIDER VIBE**  
I OBTAIN A NOTICEABLE  
FEEDBACK FROM MY  
RADIO COMMAND BY  
VIBRATION.“

Jie Wei

Department purchase  
SOMMER Kirchheim

# Slider Vibe

4-command transmitter

- bi-directional SOMloq2 radio system
- sensible vibrating feedback
- high quality, modern design with stainless steel application
- slider function to protect against unintentional actuation
- efficient vibration motor for long battery life
- downward compatible with the Somloq Rollingcode radio system, making it possible to control existing operators and radio receivers

#S10202-00001

”WITH THE **MEMO** AND ITS 450 CHANNELS, I CAN EASILY FIT UNDERGROUND PARKING GARAGE DOOR SYSTEMS.”

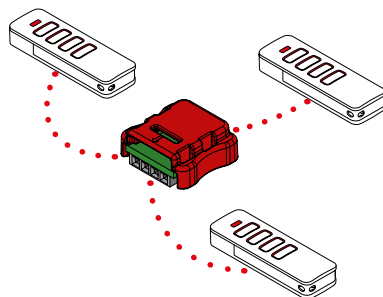

Stefan Wanner  
Department SOMMER-Academy  
SOMMER Kirchheim

# Memo

## Memory expansion

- memory expansion for up to 450 radio commands (codes)
- saved transmitter datas can be easily and conveniently transferred to a new carriage, if service is required
- also suitable for fitting underground car parks

# 10373

”MY CAR IS MY BABY.  
THANKS TO THE **SENSO**  
MY GARAGE IS WELL AIR  
CONDITIONED AND I AM  
NOT AFRAID OF RUST OR  
MOULD.“

Stefan Matzke

Department product management  
SOMMER Kirchheim

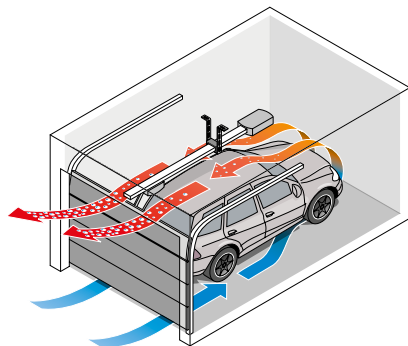

# Senso

## Humidity sensor

- for measuring temperature and humidity of the garage
- the carriage will automatically open the door as much as it is needed and provides perfect air circulation
- once the ideal value is reached, the door will be closed again and the risk of molding decreases

# 10371

”CAR, ELECTRIC BICYCLE  
OR LAWN MOWER ...  
MY GARAGE IS  
SECURELY CLOSED  
WITH THE **LOCK.**“

Michaela Leconte

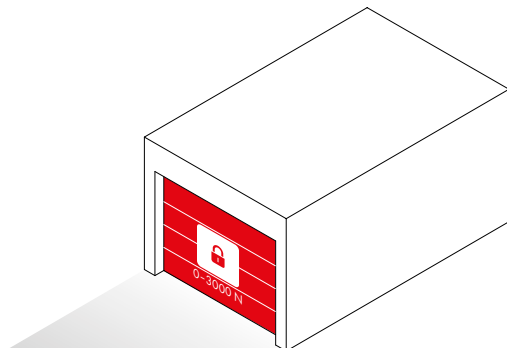

*Department customer service  
SOMMER Kirchheim*

# Lock

## Locking magnet

- magnetic locking, that locks the engine in every position for attacking forces of up to 300 kg
- the lock is blocking mechanically and improves the existing burglary protection

# 1651V000

”WITH THE ALARM  
FUNCTION MY GARAGE  
IS OPTIMALLY EQUIPPED IN  
THE EVENT OF BURGLARY.  
THE **BUZZER** ENSURES  
ACOUSTIC SAFETY.“

Lamia El Atillah

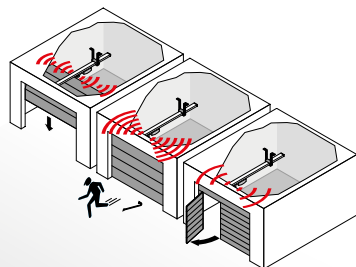

Department sales export  
SOMMER Kirchheim

# Buzzer

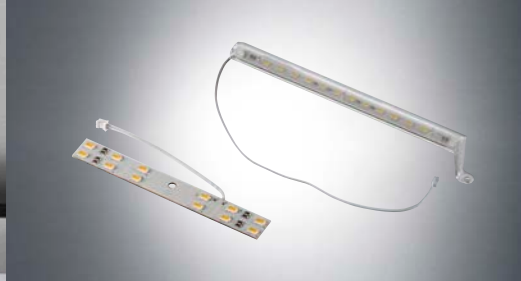

## Alarm / Warning buzzer

- the alarm buzzer recognises a break-in attempt and outputs a loud signal tone
- the warning buzzer, on the other hand, outputs an acoustic signal during the closing process or optionally when the slip door is open
- the active time with the slip door open is adjustable, this also allows to realise a DoorBell function (signal when entering)
- pre-warning before closing process possible.  
Pulsating acoustic signal beep during pre-warning time

#7043V000

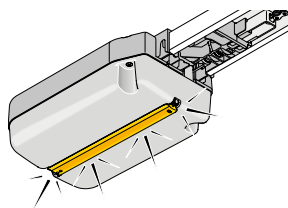

”I DON'T NEED ANY  
ADDITIONAL LIGHT IN  
MY GARAGE. WITH  
**LUMI<sup>+</sup>**, I CAN READ  
HERE WITHOUT ANY  
PROBLEMS. “

Sandra Clement  
*Department administration  
SOMMER Kirchheim*

# Lumi<sup>+</sup>/Lumi pro<sup>+</sup>

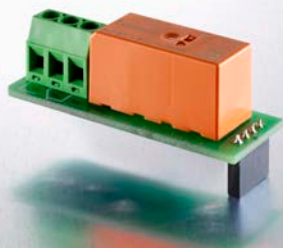

## Additional LED illumination

- additional LED-lighting for the ceiling control (base<sup>+</sup>) or the separate control unit housing (pro<sup>+</sup>)
- parallel-switching for lighting in the carriage
- simply on/off switching by transmitter via illumination function (without operator drive)
- adjusting the lighting duration possible via SOMlink by a technician

# 7041V000 Lumi<sup>+</sup>

# S10205-00001 Lumi pro<sup>+</sup>

” WITH THE RELAY  
I CAN EASILY CONNECT  
THE COURTYARD  
LIGHTING TO MY  
OPERATOR. “

Jasmin Fiorito

Department sales Germany  
SOMMER Kirchheim

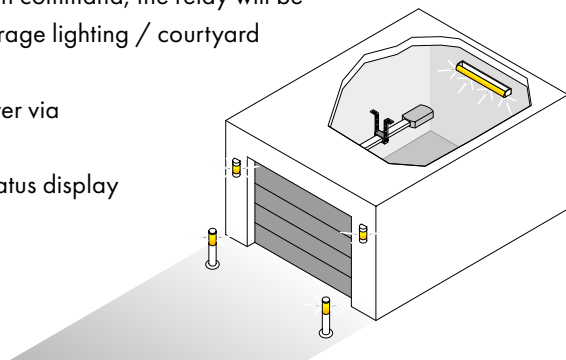

# Relay

## Additional relay

- additional relay for additional switching of a garage or courtyard light
- parallel-switching for lighting in the carriage
- if the operator receives an operation command, the relay will be automatically activated and the garage lighting / courtyard light is switched on
- simply on/off switching by transmitter via illumination function
- alternatively applicable for door status display

# 7042V000

”I'D LIKE TO HAVE A **SOMlink** FOR MY WIFE! I COULD ADJUST EVERYTHING AS I WOULD LIKE IT. (E.G. SERVICE AFTER 10.000 CYCLES) “

Steffen Schaaf  
Department sales export  
SOMMER Kirchheim

# SOMlink

Service interface for dealers

- intelligent control technology
- additional options for easily adjusting
- features and parameters (e.g. lighting duration) with a web app using your smartphone or tablet

#7040V000

”EASY PARKING! NO PROBLEM AT ALL. MY **LASER** COMFORTABLY ASSISTS ME IN FINDING THE PARKING POSITION IN THE GARAGE.“

Bianca Knödler  
Department marketing  
SOMMER Kirchheim

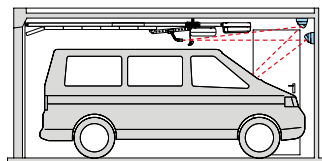

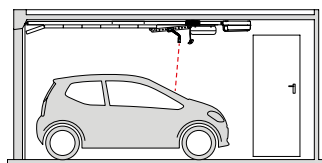

# Laser

## Parking positioning laser

- gives optical assistance for perfectly positioning a vehicle in the garage
- active during the opening process and the set light burning time

# 10378

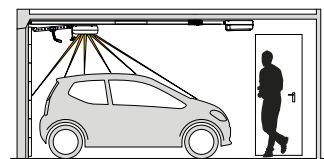

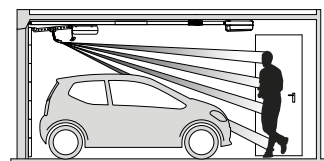

”MY MOTION  
AUTOMATICALLY  
SWITCHES ON THE  
OPERATOR LIGHTING.  
THIS ALLOWS ME TO  
MOVE INJURY-FREE.“

Maximilian Müller  
Department apprenticeship  
SOMMER Kirchheim

# Motion

## Motion sensor

- uses a infrared sensor to detect the invisible thermal radiation of moving bodies (humans/animals, etc.) and reacts to them
- safe movement when the garage is entered.  
The operator lighting (additional lighting/relay) is automatically switched on and after 180 seconds switched off (set by the factory)
- adjusting the lighting duration possible via SOMlink

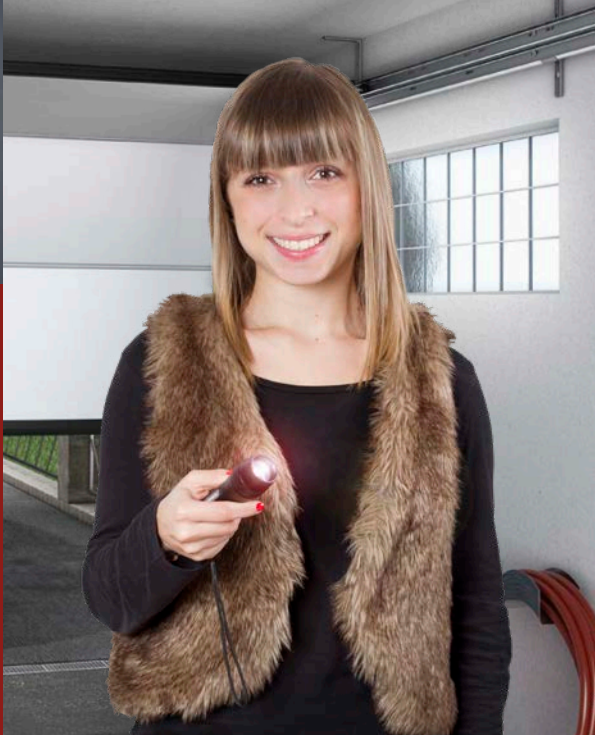

# S10343-00001

”MY OPERATOR WON’T LET ME DOWN, EVEN IN THE CASE OF POWER OUTAGE! THE **ACCU** TAKES OVER THE POWER SUPPLY FOR A SHORT TIME.“

Alessandra Incardona  
Department apprenticeship  
SOMMER Kirchheim

# Accu

## Emergency power supply

- assumes the power supply of the operator for > 5 door cycles/  
12 hours in the event of a power failure.

#S10523-00001

## Pearl

#4018V000 – black/red  
 #4018V001 – black/pink  
 #4018V003 – white/red  
 #4018V020 – white/stainless steel

4-command transmitter

## Pearl Twin (Available soon)

#S10019-00001

2-command transmitter

## Holder Pearl transmitter

#4643V000 – black  
 #4643V001 – white

- holder for installing the hand-held transmitter in a car or on the wall
- applicable for all transmitters from the Pearl series

## Holding clip Pearl Handsender

#S10092-00001

- holding clip for installing on the sun visor in a vehicle
- applicable for all transmitters from the Pearl series

## Slider+

#S10305-00001

4-command transmitter with slider function (zum Aufschieben)

## Telecody<sup>+</sup>

#S10212-00001

12-command transmitter with feedback via LED;  
also ideal as a radio code keypad

## SOMtouch

#S10447-00001 – white/white

#S10447-00002 – anthracite/white

2-command radio wall button with door status query  
via small button

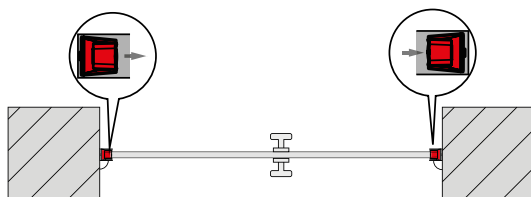

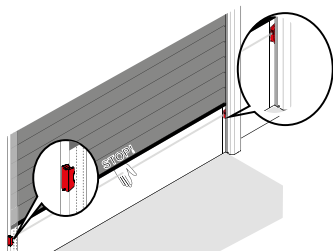

## Frame light barrier

#7028V000

Can be installed through the bore hole directly in the frame.

Frame light barrier set incl. 20 m connecting cable.

#7028V001

## Track extension set

#10460V000

Length 1096 mm, incl. ceiling bracket,  
long isolator chain (including magnet)

## Track extension set

#S10868-00001

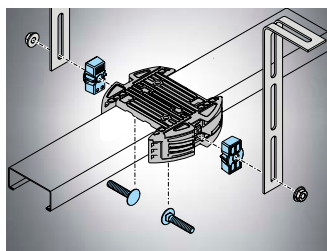

Length 543 mm, incl. ceiling bracket,  
long isolator chain (including magnet)

## Ceiling mounting unit set

#1646V000

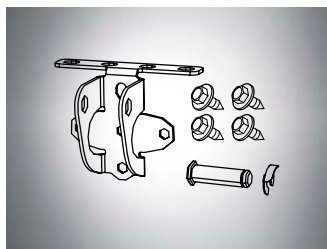

for track MS 1,25 mm; incl. fixing material

## Ceiling suspension insert

#S10178-00001

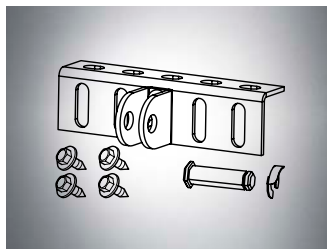

for angle profile use (width 18 mm)  
for fastening on the ceiling

## Door bracket set

#1650V000

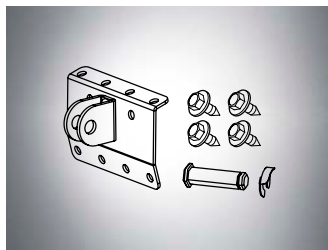

incl. screws and bolts one piece bracket

## Door bracket set

#S10201-00001

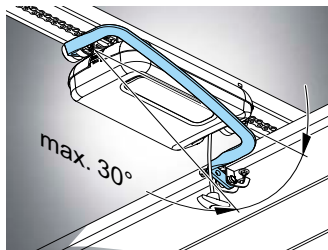

incl. screws and bolts complete bracket

## Door bracket set

#S10228-00001

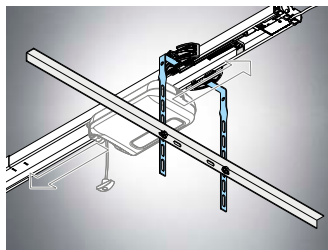

incl. screws and bolts  
type H

## Low headroom fitting

#7044V000

incl. pluggable adapter "back"

## Bracket for door frames

#S10355-00001

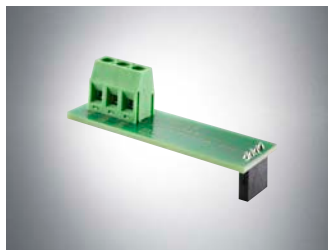

Ceiling suspension connection cross beam

## Conex

#S10807-00001

The PCB enables the wired operating mode: defined opening / defined closing, e.g. by push-button

## Output OC

#S10854-00001

The PCB enables to issue the door status "open collector output" to a home automation system  
Plugged on instead of the relay

## Wallstation interior wall button

#S10834-00001

- Execute operating command for opening/stopping/closing
  - Switching lighting function (operator lighting/Lumi/Relay)
  - Locking function for radio control system, external push-buttons, ventilation function
-
